Must see! Single family move in ready home. White trim and doors give a modern feel throughout the home. Enjoy the large and spacious eat in kitchen with a hidden walk in pantry. The oversized master bedroom features a walk in closet with built in shelving. The master bathroom features a double sink countertop and a walk in tile shower. The home also has a main guest bathroom and second bedroom. The laundry area is conveniently on the main floor and right off the finished two car garage. Basement is unfinished, perfect for making this house your own to complete the way you want it! Basement can accommodate a bedroom, bathroom and living area. The basement also provides a storm shelter with a door. You will want to see the view from the large back deck. With no neighbors surrounding the back of the house, the wide open fenced in yard is plenty private. Yard is complete and well maintained with underground sprinklers.
